

Boneo Water Recycling Plant

Project update January/February 2022

We hope you all had a happy and safe new year. We're proud to share that the Plant's upgrades have successfully operated during the peak summer period in the Mornington Peninsula.

Construction works are complete on site, and the Boneo Water Recycling Plant is in commissioning and normal operational mode. Commissioning works are due to be completed in early March.

Tour of the upgraded plant

We will be in contact with you in the coming weeks to offer a tour of the upgraded plant (COVID dependent).

Future updates

Once we complete commissioning of the plant, we'll finish issuing monthly updates and move to yearly updates. In addition we'll keep you updated by email of any tests, drills or additional works that may be required at the plant, which may impact you.

Need to get in touch?

The main contact for the plant's neighbours and surrounding community is changing. From this point onwards, for all enquiries about Boneo Water Recycling Plant please contact:

Contact: Peter Segura

Phone: 0456 931 065

Email: peter.segura@suez.com

To subscribe/unsubscribe to the **mailing list** for monthly updates on the Boneo WRP Upgrade please notify Rachael on the details above.

Community updates are available on South East Water's website at the Boneo WRP Upgrade project page.
